2025/10/27 11:39 1/1 Establishing Peering

Establishing Peering

This section of the Toolbox describes what a network operator needs to do next.

So far we have assumed that the dear reader is a newcomer to peering. The story so far has explained all the terminology and what Internet resources are required.

This section is all about simple deployment scenarios newcomers will likely encounter.

- Single Upstream with Private Peer
- Single Upstream with IXP
- Two Upstreams with Private Peer
- Two Upstreams with IXP
