

# Advanced BGP & Routing Security

- **Date:** 5th to 9th September 2019
- **Venue:** Le Meridien Chiang Mai, 108 Chang Klan Road, Tambol Chang Klan, Amphur Muang, Chiang Mai 50100, Thailand

## Workshop Goals

This five-day Advanced BGP and Routing Security Workshop is a technical workshop, made up of lecture and hands-on lab work to teach BGP skills and Best Practices required for the configuration and operation of large scale networks that make up the Internet.

## Target Audience

Technical staff who are now building or operating a wide area service provider network with international and/or multi-provider connectivity, or considering participation at an Internet Exchange point, or considering deploying IPv6 across their infrastructure and to their end users.
